### CIRTIIFICATE

This is to Certify that the Educational Institution building belongs to Sagar Academy of Education @ Trust in 46/1, at Amatekoppa, Bheemanakone Village, Sagar taluk.

The Building Consists of ground and first Floor R.C.C and tile roofed School building consists of 30 rooms, including Primary, Middle School and High School, with Common amenities such as Library Room Dining Hall & separate wash rooms for girls and boys and separate wash rooms are provided for the staff.

It is a framed structure with columns, beams and walls. There is no need of any major additional works immediately. The foundation and superstructure is sound, stable and future estimated life may be considered as 40 to 45 years if proper & periodically maintatined.

Certify that the existing school building is very well maintained and does not require any major repairs immediately. I have visited the school personally and found that foundation and superstructure of the building is stable and has an estimated future life about 40 to 45 years provided proper periodic mainatenance is carried out.
