Academic Year 2024-25

AIM OF THE SCHOOL

HONGIRANA aims to provide quality education to rural children uninterrupted from Nursery to Class Tenth. The system of schooling at Hongirana conforms to and achieves the standards of education required by the Central Board of Secondary Education, New Delhi to which the school is affiliated.

The Curriculum is so patterned that students receive an education that is not just confined to textbooks but also reaches much further into the fields of culture, sports and character. It also aims to bridge the digital gap between the elite students of the cities and the rural students.

Hongirana encourages learning through observation by giving students the opportunity to think for themselves. It makes children realise their inner potentialities and gives scope for self-directed learning. Our focus is on developing in children a 'sense of self' and 'connectedness' to the world by enjoying their childhood.

The School

Hongirana School of Excellence, founded in 2003, is an inclusive learning space for students and teachers. Nestled in the heart of the beautiful western ghats, Hongirana offers a unique blend of nature and modern technology, providing a holistic education that helps students grow into responsible, global citizens. It is a school where academic and textbook-based learning goes hand-in-hand with joyful learning. It fosters creativity, builds leadership, develops confidence and evolves human relationships. We incorporate local culture into the curriculum, such as by teaching local history, literature, or art. This helps students connect more deeply with their community and develop a sense of pride in their local culture.

Our school strives to provide a stimulating and nurturing environment that encourages students to reach their full potential. Our experienced and dedicated faculty members are committed to providing quality education and personal attention to each student. The CBSE curriculum we follow offers a comprehensive and holistic education to our students, focusing on academic excellence, character development, and social responsibility. It also emphasises the importance of extracurricular activities, such as sports, music, and arts, to help students develop a well-rounded personality.

Co-curricular Activities

We believe that co-curricular activities play a vital role in shaping the overall development of our students. We strive to create a supportive and inclusive environment that encourages students to pursue their passions and discover their potential.

Hongirana offers a wide range of co-curricular activities, including sports, music, dance, drama, art, and community service. We encourage all our students to participate in these activities and explore their interests.

These rules cover areas such as attendance, punctuality, behaviour, dress code, and academic performance. We expect all students to abide by these rules and show respect for their teachers, peers, and school property.

Attendance: You are expected to attend school regularly and on time. If you are going to be absent or late, please inform the school office or your teacher in advance.

Punctuality: You are expected to be on time for all classes and activities. Latecomers disrupt the class and cause unnecessary distractions.
